## This Month's Updates!

This is the first newsletter of the year, so exciting! Councils have shared lots of pictures and activities that have been uploaded to their according document.

Please continue to send me pictures and activities and I will update documents as often as possible! Last month, in February, several councils organized activities for Valentine's Day and "Twosday."

## Council of the Month: FARSON-EDEN

Farson-Eden Student Council has done a tremendous job of staying active over the last two months. They have hosted their annual blood drive competition, created a fun monthly student and staff recognition award, served teachers dinner during parent-teacher conferences, and were creative in fundraising for the Make-A-Wish foundation by serving desserts during lunch.

**Share pictures, videos, and stories from your council to be highlighted as a council of the month!**

---

"Student council is beneficial to kids in more ways than one. It creates opportunities for public speaking, team building, service, and event coordinating, to name a few. Each one of these opportunities will give our kids real life skills for life after high school. But beyond that, it gives our kids a sense of community. They learn how to make the entire student body feel included and do an amazing job keeping school spirit alive. "
